

The information that is being requested will be used in our data base to make possible a language exchange between two or more people.

In order to contact any user you need to write him an introduction message. He or she can choose to accept or reject the request. If the other users accepts the request he will be able to write you a message and you will be able to continue writing him messages.

We ask for the current GPS location to all users. This is made in order to show you users that are close to your current location.

From the time we send the user their contact information we are not responsible for anything. We are not responsible about the circumstances in which the meeting has place. We always recommend to meet in a safe place and at a safe time.

We send you emails in case that we think that the information we are providing you is relevant to find a language exchange or to improve your languages: organizations, events, reminders, advertisements, etc. When an event takes place in your city you may be sent an email.

In order to give more visibility to our users, we post automatically their information in our Twitter page: www.twitter.com/lingua2

You can unregister by accessing the personal area and clicking on the link 'Unregistration'.

Evaluating users that request your information or those from who you have requested their personal information is obligatory. You will be sent an email as long as you do not write your evaluation about them. Evaluations from other users are public in their profile card.
